

R50 (RF)

8.2 MHz RF Hard Tags

The R50 Tag is an extremely popular hard tag solution for the protection of clothing and accessories. The R50 is compatible with all 8.2MHz RF antennas, and incorporates a super lock strength lock to ensure that the tag is hard to defeat. In addition to being used with a pin, it can be used with a lanyard to provide protection for items such as luggage and handbags. It is available in cream, and its attractive design makes it a widely deployed solution by many of the leading apparel retailers worldwide.

R50

Features

- Reusable tags made of fire retardant plastic. (Is this the case?)
- Extra strength lock with encapsulated three ball locking mechanism.
- Strong construction made of scratch and tamper resistant material
- Small, unobtrusive and lightweight – perfect for delicate materials
- Simple to attach and easily removed with a special detacher
- Wide detection range
