

R50 Ink (RF)

8.2 MHz RF Hard Tags

The R50-Ink Combo Tag is an extremely popular Hard Tag solution for the protection of clothing and accessories, and combines EAS with Benefit Denial Ink Capsules that deploy ink when tampered with. The R50-Ink Combo Tag is compatible with all 8.2MHz RF antennas, and incorporates a super lock strength lock to ensure that the tag is hard to defeat. The visible ink vials are located in the portion of the tag that also contains the RF element and clutch. The opposite portion of the Tag contains a clear plastic pin shield.

Features

- Reusable tags made of fire retardant plastic.
- Strong construction made of scratch and tamper resistant material
- Small, unobtrusive and lightweight – perfect for delicate materials
- Simple to attach and easily removed with a special detacher
- Integrated ink- EAS for enhanced product protection.
